## Important notes

- The catalogue renders all previous PREISSER and Helios sales literature invalid.
- We reserve the right to revise prices and alter designs as necessary, without notice.
- Illustrations and descriptions are valid at the time of going to press.
- We reserve the express right to introduce changes without notice.
- Illustrations and weights are not binding.
- All measuring instruments that are 1000 mm and longer and/or weigh more than 20 kg, the shipments are ex-works and are exclusive of packing.
- All mentioned prices exclude the statutory value added tax.
- No part of this catalogue may be reproduced and/or duplicated, stored in a retrieval system, transmitted in any form or by means of electronic, mechanical, recording or otherwise, without the expressed prior written permission of the Helios-PREISSER Distribution Center.

## Key to symbols – made easier for trade specialists

Marked • = available from stock

Marked • = initial calibration and are supplied complete with a calibration certificate at no extra cost (traceable to national standards)

Data variable = variable data output  
USB + RS 232 + Digimatic

Waterproof = Splash proof; insensitive to cooling agents and dust

Reference to accessories

Calipers, depth gauges

1

Micrometers

2

Marking instruments, height gauges

3

Squares, angle protractors, universal protractors

4

Inspection equipment, measuring standards

5

Dial gauges, dial gauge instruments, gauge stands

6

Special measuring equipment

7

## Workshop caliper 0237...

PREISSER

1

## Specification

- **DIN 862**
- Locking screw
- With fine adjustment
- Stepped jaws for inside measurements: 10 / 20\* / 30\*\* / 50 (0237 130, 0237 230)
- Low-set master scale
- High precision laser graduation of vernier and scale
- Supplied in: Cardboard box, from 1000 mm measuring range individually packed

## Contraction vernier caliper 0250...

PREISSER®

1

**Specification**

- Stainless steel
- Reading parts satin chromed
- Factory standard
- Locking screw
- With replaceable hardened scribing jaws
- Low-set master scale
- High precision laser graduation of vernier and scale
- Stepped jaws for inside measurements: 10 / 20\*
- Supplied in: Cardboard box

Contraction vernier depth gauge 0289...

1

**Specification**

- Stainless steel
- Reading parts satin chromed
- Factory standard
- Locking screw
- Straight measuring rule
- **Scales on both sides**
- High-precision laser graduation of vernier and scale
- Supplied in: Cardboard box

## External micrometer 0800...

PREISSER®

## Specification

- Reading: 0.01 mm
- Reading parts satin chromed
- DIN 863-1
- Locking lever
- Measuring force regulated by ratchet stop 6-10 N
- Carbide measuring faces
- Thermally insulated
- Including setting standard from 25 mm upwards
- Supplied in: Case, Set supplied in: Wooden case

## Micrometer with reduced measuring faces 0854...

Helios

## Specification

- Reading: 0.01 mm
- Reading parts and frame are satin chromed
- DIN 863-3
- Measuring force regulated by forward ratchet stop 6-10 N
- Thermally insulated
- Including setting standard from 25 mm and upwards
- Supplied in: Plastic case

2/3-point internal micrometer 0906...

Specification

- **Reading: 0.005 mm**
- Reading parts satin chromed
- Pitch: 0.5 mm
- Carbide-tipped measuring faces from measuring range 12.5 mm
- Measuring force regulated by ratchet stop
- For through holes
- For through and blind holes from a 12.5 mm measuring range
- **Certificate for ring gage and micrometer**
- Supplied in: Case

Specification

- **Reading: 0.005 mm**
- Reading parts satin chromed
- Pitch: 0.5 mm
- Carbide-tipped measuring faces
- Measuring force regulated by ratchet stop
- Supplied in: Wooden case

Specification

- Individually packed

Interior circumference tapes 0458...

Specification

- Interior circumference tapes to measure the internal circumference and the diameter of a round, oval or a continuous polygon bore.
- Scale division 1 mm, readings 0.1 mm, laser graduation, stainless steel.
- The tape attached through an expanding collet.

**Specification**

- Housing diameter 58 mm
- Replacement probe tip  
M 2.5 mm
- **Protection class IP 51  
according to IEC 529**
- Clamping shank dia. 8 mm
- LCD display 8.5 mm
- Measuring force 0.5 - 1.1 N
- Manufacturers standard
- Version with reading 0.005 mm  
according to DIN 878

**Electronic functions**

- Variable data output RS 232 +  
Digimatic + USB
- On/off switch
- Zero setting at any point
- Reversal of counting direction
- mm/inch conversion
- +/- Preset function/setting a  
numerical value

## Universal comparator gauge 0739...

PREISSER®

## Specification

- To determine internal and external dimensions of recesses, grooves and undercuts.
- Choose between either an analog or digital indicator to show your measurement results.
- Measurement procedure: The part to be measured is determined at the point of reversal between a fixed and moveable measuring insert.
- Robust construction
- Simple to set up and easy to operate
- Fast acquisition of a measured value
- Large range of application
- Optional: special supporting table is exchangeable
- Internal measurements: 21 - 200 mm
- External measurements: 0 - 180 mm
- Repeatability: 2 µm
- Mounting hole for a indicator: diameter 8 H 7
- **Supplied with measuring inserts 0739 126, 0797 124**
- Supplied in: Aluminium case

**DIGI-MET® universal comparator gauge 0741...**

Helios

**Specifications**

- Comparative gauge for external and internal measurements, ideal for checking workpieces and machine adjustment
- Versatile for comparative measurements due to the large choice of probes and measuring inserts
- Measuring range can be increased up to 2000 mm by using optional extensions
- The direction of the measuring force is reversible, thus allowing the instrument to be used for both external and internal measurements
- The setting of the universal comparator gauge can be conducted with an adjusting instrument, a master piece, gauge block combination, a ring gauge, a micrometer or an accurately measured workpiece

# Special measuring equipment

## Pocket coating thickness tester 0980...

PREISSER®

**Specification**

- With swivel probe 0°, 45°, 90°
- LCD display
- Data output RS 232
- Automatic identification of base material (FE, NFE)
- Thickness of coatings on iron and steel consisting of paints, varnishes, plastics rubber, ceramics and ceramic layers (excluding nickel)
- Thickness of coatings on NF metals (aluminium, copper, bronze) with paints, varnishes, plastics and eloxane on aluminium
- Supplied in: Case

🏠	⏪	Dimensions L x W x H	📦 kg	Ref. No.	Price €
		108x48x38	0.10	<b>0980 201</b>	

- Measuring range for steel and iron: 0-5000 µm
- Measuring range for non-ferrous metals: 0-2000 µm

µm	Read-off µm	Precision ±
0-100	0.1	1 µm
100-1000	1.0	1%
1000-2000	1.0	3%

DIGI-MET® statistic printer 0995...

Specification

- Portable
- Thermo printer
- Data output Opto RS and Digimatic
- Capacity of measured values max. 999
- Class of protection IP 40
- Can be used independently of mains electricity with NiMH rechargeable batteries
- List measured values with statistics, histogram, single value cards, Cm, Cmk, X, R, min. and max. values
- Supplied: mains power adapter and paper rolls
- Individually packed

🏠	⏏	📦 kg	Ref. No.	Price €

## DIGI-MET® cable for variable data output 1997... / 1998...

PREISSER®

RS 232

Digimatic

USB

**Specification**

## • For DIGI-MET with variable data output

- Length 2m
- With data transfer button
- Cable for USB incl. USBCom Software to transfer data to MS Excel

	Ref. No.	Price
Cable for USB	1998 720	
Cable for RS 232	1997 501	
Cable for Digimatic	1998 501	

## DIGI-MET® USBCom data acquisition 1998....

**Specification USBCom Standard 1998712**

- Transfer data direct in MS Excel (from version 97) or text file
- Data transfer via 1 USB and 1 RS232 interface
- Data acquisition with foot-operated switch, PC keyboard or function button on a measuring instrument
- Configurable measuring cycles

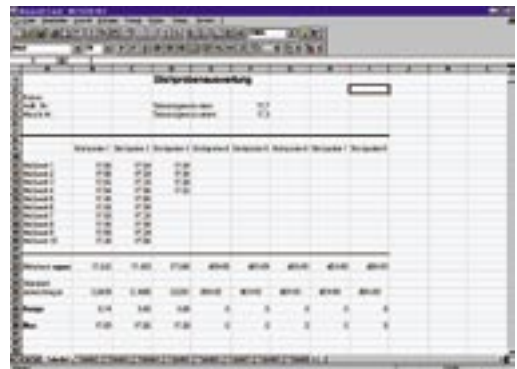

**Specification USBCom Professional 1998710**

- Transfer data direct in MS Excel (from version 97) or text file
- Data transfer with up to 100 USB and 2 RS232 interfaces
- Timer operation
- USB Hubs can be connected as interfaces for measuring instruments
- Data acquisition with foot-operated switch, PC keyboard or function button on a measuring instrument
- Configurable measuring cycles

## System requirements:

Windows 2000, XP  
 USB interface, from 1.1  
 Min. 10MB  
 CD drive

Recommended: MS Excel from version 97

	Ref. No.	Price
USBCom Standard	1998 712	
USBCom Professional	1998 710	

## DIGI-MET® USBCom data acquisition 1998....

PREISSER®

🏠	⏪	📦 kg	Ref. No.	Price €
		0.15	0997 730	
		1.00	0997 740	

**Specification 0997 730**

- For connection to PC keyboard interface
- Power supply via PC
- Permits connection of two gauges with Opto RS 232 data output
- Data transmission via data key, foot-operated switch or function button
- Attributive values via PC keyboard
- Connecting cable from box to PC included
- Supplied in: Cardboard box

**Specification 0997 740**

- For connection to PC-RS 232 interface
- Power supply 230 V
- Permits connection of two gauges with opto RS 232 data outputs and 4x Digimatic outputs
- Data transmission via foot switch
- Attributive values via PC keyboard
- Connecting cable from box to PC included
- Supplied in: Cardboard box

**Specification 0997 730 + 0997 740**

- No special driver software required
- Simple data transmission in Windows® standard applications such as Excel®, Access® etc.
- Direct measured data input via gauge or foot-operated switch
- PC keypad remains fully functional

Mobile data logger 0997...

PREISSER®

Data logger for DIGI-MET® gauges

Specification

- Mobile data acquisition
- Up to 999 measured values can be stored
- No programming required
- 4-key operation
- Data transmission in Windows programs with software no. 0997 701
- Compatible with all interfaces with Opto RS 230 input
- Dimensions: 120 x 60 x 25 mm
- Supplied in: Cardboard box

# Calibration Services Index

## Innovation in measuring and testing equipment

PREISSER®

All PREISSER gauges marked • under  $\text{PK}$  (=calibration) undergo initial calibration and are supplied with a certificate without extra charge. No separate order is required for these articles to be pre-calibrated on delivery. For all other gauges and measuring instruments, and for subsequent calibration, the following net prices apply. Testing is carried out in accordance with VDI / VDE / DGQ guidelines 26 ff.
